Ok. Good to know. We were going to book her return on Wednesday, but I'll let Essie know Saturday would work.

Hi Donna,

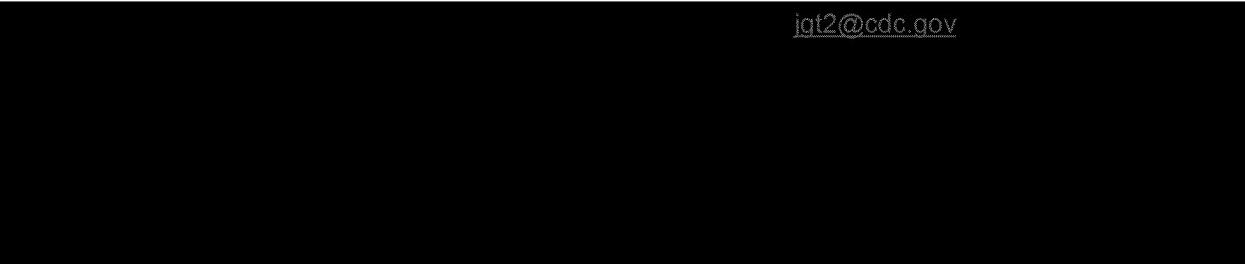

Do you need a return date for Jamie? If so she would like a return flight on Saturday August 22.

Essie,

Per our conversation, attached is the information regarding the travel for Jamie Rayman to San Francisco tomorrow. Please let me know if there are any issues, a profile needed for the travel or when it's complete so we can go in and approve. Thanks so much.

John

John and Lewis: we need to fly Jamie Rayman from San Francisco to Albuquerque, rent a car and drive to several points on the Navajo Nation. The e-mail below also provides options for lodging. Can you work with Tina and Jimmy to make sure this happens as quickly as possible? I will be on standby if needed. This is to provide health education messages to the tribal leaders, and in support of the Gold King mine issues.

Thanks! Let me know when we've got it covered.

Hi Donna,

This is the request from EPA region 9. Please call or email if you need any additional information and to let us know next steps.

Thank you,

Subject: Availability of ATSDR toxicologist for Risk Communication at Region 9 Farmington ICP

Hi Libby

As we discussed this morning, and in follow up to our conversation earlier this week, we appreciate ATSDRs willingness to provide folks to support the EPA Region 9 Farmington ICP as part of the Gold King Response. I believe you indicated that **Jamie Rayman** might be available and has worked in Navajo Nation in the past. She sounds like an ideal candidate.

We would like her to mobilize to Farmington New Mexico to support the Risk Communication work of EPA Region 9 Community Involvement Coordinators at various community meetings that are occurring daily. These meetings are in various locations within Navajo Nation, primarily Chapter Houses. The schedule changes on a daily basis.

Deployment information:

- ICP location: **CBI/Ex. 4** The ICP is 181 miles northwest of Albuquerque, New Mexico, via US-550. The ICP address is:

CBI/Ex. 4

- OSC Bret Moxley is the Incident Commander and he can be reached at (415) 971-7720

- Lodging:

- o Hampton Inn -1500 Bloomfield Blvd Farmington, NM 87401 (505) 564-3100
- o Marriott Courtyard - 560 Scott Avenue Farmington, NM 87401 (505) 325-5111
- o home2suites -777 South Browning Parkway, Farmington, NM 87401 (505) 325-1500
- o URL to all three: : <http://www.roomkey.com/ji/>

Thanks again for your help. I understand that ATSDR will pay for travel and time as the normal course of operation and are not looking to the ICP for logistical support on this deployment. Please let us know the maximum deployment schedule available for Jamie and when she should be expected at the ICP.

Please let me know if you have any questions or need further information about the response. Jamie can connect with me and I can provide her with advance situational awareness info as will the ICP once she arrives.

I can be reached at 415 816 6586.

Thank You!

Kathryn Lawrence
